

Green Award

Certification scheme

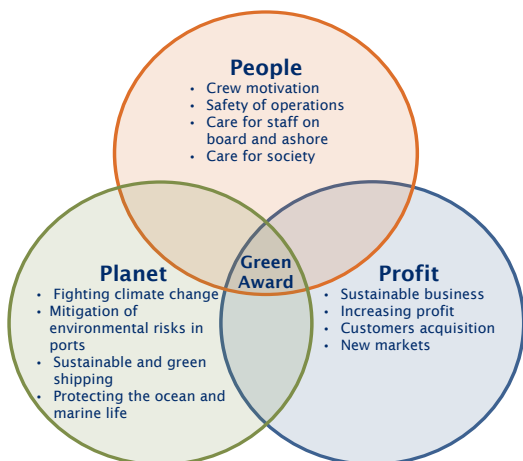

Quality, safety and the environment

GREEN AWARD

Green Award offers a platform for the maritime industry to stimulate safer and cleaner quality shipping through identifying and supporting ships that go beyond legally required standards. Ports and maritime service providers orchestrate recognition and market solutions (e.g. incentives) for such ships via the scheme, making safer, greener and sustainable future of the Planet and the People possible.

- Established in 1994
- **Non-profit, independent, international**
- **Quality mark** for better performing vessels
- Own in-house developed **requirements**
- Governed by the **key industry representatives**
- **A network** of ports, ship managers, charterers, maritime service providers and authorities
- **Ocean and River**
- **Audits and certifies** ships and shipping companies
- **Over 30 countries** in Europe, Asia, Africa, Australia, South and North America participate
- Almost **900 ships certified**, over **100 ports and maritime service providers** participate
- **CSR tool** for ports and companies

SHIPPING COMPANIES

can join as Certificate Holders

Ships and shipping companies with overall better performance will benefit from:

- ✓ Independent audit
- ✓ Potential prevention of PSC detention or serious incidents
- ✓ Advice on Best Practices
- ✓ Competitive advantage
- ✓ Financial incentives
- ✓ Green & high quality image to the industry

PORTS

can join as Incentive Providers

Ports give recognition to certified ships with an incentive offer and get in return:

- ✓ Risk reduction tool
- ✓ Green & sustainable image to society and authorities
- ✓ Addressing issues through requirements
- ✓ Platform for CSR

MARITIME SERVICE PROVIDERS

can join as Incentive Providers

Companies encourage quality shipping by market sustainable solutions through an incentive offer getting in return:

- ✓ Green & socially responsible image
- ✓ New business relations & opportunities
- ✓ Corporate Social Responsibility tool
- ✓ Marketing advantage
